Sponsorship Description and Benefits

A precursor to the wilderness movement, Gifford Pinchot, America's first professionally-trained forester, rose to national prominence as a conservationist and political progressive under the patronage of President Theodore Roosevelt. Pinchot gave the name "conservation" to the movement for the preservation and wise use of all natural resources. Under Pinchot's leadership, the Forest Service added millions of acres to the national forests, controlled their use, and regulated their harvest.

Benefits:

- Company/organization name and link to website on the conference website, mobile website, and overall 50th sponsors webpage. The designated contact above must provide the official company name and website link to the *Wilderness50* Communications Coordinator, Lisa Ronald, lisa.ronald@wilderness50th.org, 406-396-3607.
- Company/organization name and logo in the digital or printed conference program. The designated contact above must provide the official high resolution logo file to Lisa Ronald.
- One paper handout/brochure or product sample in the attendee messenger bag. 1000 copies of printed materials must be provided to Lisa Ronald by or before October 1, 2014.
